Army to Move Utility Lines for Great River Road; Highway Work To Be on State's 1972 Schedule

By HARRY BARNES
Press-Record Staff Writer

Clearance of an easement and utility line problem that has held up progress on construction on Federal Aid Route 151 (The Great River Road) from Niedringhaus Avenue in Granite City to Venice was resolved in Washington Friday.

Congressman Melvin Price (D, East St. Louis), whose aid in obtaining easements through the Granite City Army Depot was sought by a delegation of Quad-City area municipal and civic officials, said the General Services Administration has approved an agreement under which an easement through the easterly front of the Depot area will be provided for the Route 151 extension.

Robert Kronst, chief engineer of Illinois Highway District Eight at French Village, told the Press-Record the action will allow scheduling of the extension of the Great River Road in the 1972 work schedule of the Illinois Division of Highways.

No work has been done on Route 151 since completion more than a year ago of that section of the highway from Pontoon Road to Niedringhaus Avenue.

Cong. Price's office in Washington said that it had been informed by the General Services Administration that the agreement necessary to providing the easements through the Army Depot have been signed and referred to the GSA district office at Omaha, Neb.

Omaha, in turn, will certify the agreement to the St. Louis Division, Army Corps of Engineers, which will be responsible for the work necessary to clearing the highway easement.

"The approval of the GSA is the culmination of a number of meetings in which city officials and representatives of other agencies in the Quad-Cities discussed the problem with highway officials," Price said.

Kronst said the agreement approved by the GSA provides for the Army Corps of Engineers to begin the job of relocating the utilities, streets and other impediments to clear the stretch needed for construction of the southerly extension of FA Route 151.

"I expect it will take at least eight months before this work can be completed," Kronst told the Press-Record. "Once it is done, then we can begin planning for construction of the highway, which will take another six months."

"In other words, it will be more than a year before work gets under way, but this clears the way for us to get started."

Half-Million Cost

The highway engineer said that the cost of clearing the easement, which will be assumed by the Army Corps of Engineers, will approximate a half-million dollars.

"Once the land is cleared," Kronst said, "the government then will give us an easement through the property."

Salvation Army Citadel Drive Dinner Wednesday

With a committee appointed to consider new site proposals, the Salvation Army this week is formally launching a \$150,000 capital fund campaign to finance an expansion program intended to eliminate present overcrowding in its facilities here.

A dinner is set for 6:30 p.m. Wednesday at the Coolidge Junior High School Cafeteria to review the drive plans; there will be no solicitation at the meeting. Guest speaker will be Charlotte Peters, former radio and television variety program moderator.

The 75,000-foot structure to be built at an undetermined location will cost (including land) an estimated \$225,000, of which \$100,000 in legacies and gifts has been contributed in recent years and will be used for this purpose.

Downtown Service Center

The present citadel at 19th Street and Grand Avenue will continue in operation as the center for emergency assistance services and for all welfare programs, including the Tree of Lights and assistance to travelers. It will be designated as the Salvation Army Service Center.

The new citadel will continue existing programs and will enable them to be conducted more effectively than in the past, Richard M. West, chairman of the Salvation Army board, said today.

Purposes include character-building programs for young people and also activities for the aged. A wider range of services to the 6-11 age group is under consideration.

A citadel is used about four and a half hours a week for religious study.

NEW SALVATION ARMY CITADEL to be financed with the aid of a \$150,000 capital fund drive which will be launched at a dinner Wednesday night. New site proposals are being sought. The drawing

Record Budget In Levee District

A 1971 operating budget of \$1,490,275 — the largest in the district's history — has been filed for public inspection by the East Side Levee and Sanitary District.

The new budget is \$197,000 higher than the \$1,293,275 budget and appropriation bill adopted a year ago for the 1970 fiscal year which ended Dec. 1. The levee district's fiscal year is the same as the calendar year.

The budget is subject to a public hearing and official adoption by the levee board of trustees early in February. Date for the public hearing has not been determined. Customarily, adoption of the budget is voted by the levee board immediately following the public hearing.

That part of the budget now on file at the levee district offices in East St. Louis covers only projected expenses for the 1971 fiscal year which began Jan. 1. Tabulation of projected income, bond payments and other phases of the district's financial prospectus will not be available until the hearing.

Project Costs Higher

Budgeted for project costs throughout the bi-county district, which includes Granite City, Venice, Nemo and part of Chouteau townships in Madison County, is a total of \$620,350, an increase of \$88,450 appropriated for project operations during 1970. Costs for district projects are divided among 26 different jobs on which maintenance expenditures are required, according to the budget bill.

The new appropriation does not indicate salary raises in administration, engineering and police departments of the district, but for general maintenance purposes salaries are listed in the new budget at \$185,000, up from last year's \$170,000. The overall budget for general maintenance purposes is listed, however, at \$573,490, only \$2,300 higher than last year's \$571,190.

Total administration costs are budgeted at \$149,025, with \$63,600 of the amount in salaries, compared with last year's total administration appropriation of \$181,975, of which a like amount of \$63,600 represented salaries.

The budget for administration purposes includes a \$15,000 item for "professional services-legal," the same as that included in the 1970 budget. The administration budget also includes \$11,500 for printing ordi-

Move for a Separate Levee Board Launched

An organized campaign to detach the Quad-City sector of the East Side Levee and Sanitary District from St. Clair County will be initiated by the Nemo town board tonight.

The action is planned, according to Nemo Town Clerk Louis Whitsell, "because no one has done anything about it after all the talk a few weeks ago as to why and how it should be done."

Whitsell said the town board plans in its regular meeting tonight to instruct Township Attorney William Schooley to prepare petitions calling for legislative action necessary to splitting the Madison and St. Clair sections of the levee district.

"We will initiate the move and recruit the assistance of those who have said they are in favor of setting up a Madison County section of the drainage district to operate independently from St. Clair," Whitsell said.

"We want this to be done legally," Whitsell added, pointing out that after Schooley drafts a proper petition, copies will be made and distributed for circulation throughout the Quad-City area which makes up the Madison County portion of the East Side Levee and Sanitary District.

Pay 46% of Cost

The levee district is now made up of Granite City, Nemo, Venice and Chouteau townships in Madison County, and Canaan, Sites and Centerville townships in Madison County.

In recent years, Quad-City area taxpayers living in the district have been paying about 46% of the district's overall tax bill, although approximately 85% of the district's business is done in St. Clair County.

Whitsell pointed out that after he suggested the county division of the district about a month ago, "Dr. Lee (John E. Lee, mayor of Venice), Mayor Sasyk (Mike Sasyk of Madison) and others said they were all for it."

"I thought the ball would get rolling—but nothing happened," Whitsell said.

The town clerk said he has received an increasing number of complaints of the lack of services from the levee district for the Nemo area, despite the fact that Nemo township taxpayers "pay about \$100,000 of the levee district tax bill every year."

"I think that new legislation is the only direction we can take in this matter, since we realize that we still have an obligation to help pay off existing bond obligation of the levee district," Whitsell said.

"I don't think the people are trying to get out of paying what they are obligated to pay, but the time has come when we don't want to see the debt climb any higher, especially when none of us have anything to say about it," the town clerk remarked.

Nemo Supervisor Election

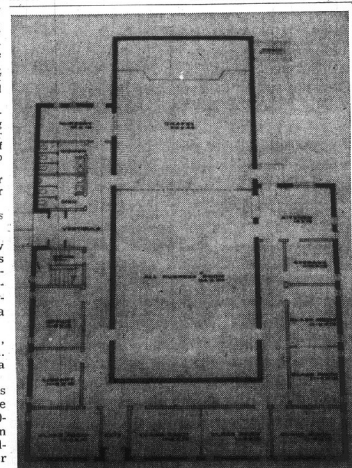

Hanks, Patrick May Run Against Whitsell

A power struggle for control of Nemo township political offices is developing in what promises to become a three-way battle for the top post of township supervisor in the approaching April 6 election.

So far, the political picture fails to include incumbent Supervisor Harry Briggs, who said last week that he has not yet decided whether or not he will be a candidate for re-election. The contest already includes three candidates for the supervisor post Briggs now holds.

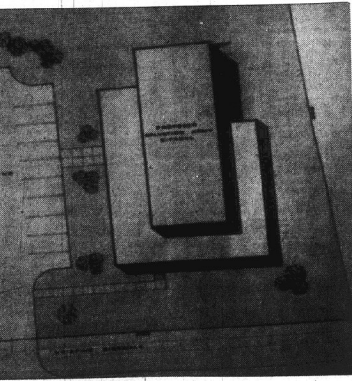

This was accepted by many as a strong indication that Briggs will not be a candidate, since it is not likely Hanks

FLOOR PLAN of new Salvation Army Citadel is at right. The main floor includes a chapel and an all-purpose room, partly surrounded by classrooms, a nursery, library, office, kitchen and storage room. A lower floor will include a large game room.

The lower view shows how the building is to be situated adjacent to a 20-acre parking lot. The design calls for the chapel and all-purpose room to be taller than the other rooms.

PATRIOTIC GESTURE. The Stars and Stripes will ripple along Madison Avenue in Granite City on national holidays thanks to combined efforts of the Tri-City Trades and Labor Council, donors of \$500, and Amvets Post 51 members who have agreed to position the flags. Alderman Paul Schuler, at right, who initially asked the City Council to pay for the flags and found no funds available, inspects the newly-arrived shipment with Steve Konkovich, Post 51 official.

'Old Glory' to Decorate Madison Ave., Thanks to Amvets, Trades Council

By VAL EVENEDEN

Press-Record Staff Writer

"Old Glory" will be in full display along the entire length of Madison Avenue this Memorial Day, unlike previous years when the patriotic array of flags terminated abruptly north of the Madison city limits.

The changed appearance of the thoroughfare on future National holidays will result from delivery last week of 100 U.S. flags to be displayed on both sides of Madison Avenue from 14th Street northward. The arterial street has been bedecked by the Stars and Stripes, on appropriate occasions, in the neighboring community of Madison and along Broadway in Venice for some time.

The 3x5-foot flags, complete

with 7-foot poles, "ball-tops" and bracket attachments, were acquired with a \$500 donation contributed by the Tri-City Trades and Labor Council.

The 100-flag shipment was purchased from a New York firm at a \$500 discount rate through Quad-City Amvets Post 51. The reduced cost is made available to veteran's organizations, it was learned.

Amvets Offer Services

Amvets Post 51 members also have agreed to position and remove the flags on National holidays, with the assistance of other local veteran's groups, if volunteers can be recruited.

Chance remarks between friends motoring through the Quad-Cities last Memorial Day, who were struck by the barren appearance of Madison Avenue

crossed, initiated a chain of events that culminated in arrival of the flags last week.

Steve Konkovich, Amvets Post 51 public relations officer, his wife, Agnes, and a friend, Mrs. Pauline Wickham, Americanism chairman for Post 51 Auxiliary, were returning from Memorial Day services at Jefferson Barracks National Cemetery when the absence of flags in Granite City captured their attention.

"We were dismayed not to see the same patriotic display of flags as our neighboring communities. Perhaps the difference was so marked because we had just left the National Cemetery," Konkovich said.

"We experienced the same feeling of concern when returning from observances in St. Louis on Veterans' Day," the Amvet officer added.

Letter Published

A letter written by Konkovich appeared in the Press-Record Forum on July 16, in which he deplored the absence of flags, contrasting the "improving patriotic" display in Madison and Venice to his home community.

In the letter, the Amvet official also offered his services to work with any service or citizen's group interested in securing flags for the city.

Getting no response, Konkovich followed up with a letter to Alderman Paul Schuler seeking his help in making the purchase of flags a city project.

The proposal, presented by Schuler at the Aug. 16 council meeting, was discussed, but the aldermen pointed out that such a project could run into considerable overtime cost placing and taking down the flags on holidays.

City Clerk Robert Stevens was authorized to seek prices on the purchase of 50 large American flags for Madison Avenue. However, nothing further was heard, Konkovich said.

The Amvet member and Schuler remained interested in the flag project and the latter contacted Don Parente, a Granite City fireman and secretary of the Tri-City Trades and Labor Council.

Labor Delegates Fund Project

Through Parente and Council President Edwin F. Reiske's sponsorship, the labor delegates agreed to fund the purchase of flags, Konkovich explained.

Delivery of the flags and poles last week began another phase of the project for the veteran's group official, who now is seeking an accessible and safe location to house several large boxes in which the flags and hardware are packed.

"The flags are constructed of heavy mercerized cotton with embroidered stars and sewn stripes," Konkovich said. "The pole is in two sections and everything meets government specifications," he noted.

Konkovich does not believe the flag project should stop now. "We need at least another 140 flags to continue along Namahok Road to Pantoon Road," he said this week.

The number of flags obtained with the Trades and Labor Council donation is sufficient to line Madison Avenue from 14th Street to the high school, Konkovich said. He speculated that individual businessmen or civic groups may be interested in donating funds to complete the project.

Seek Volunteers

Veteran's organizations will be contacted to volunteer their services in placing and removing the flags at various times.

"A small pickup truck, a ladder and two or three people will be necessary to set up the flags," he said.

Konkovich said the "first" American flag to be positioned on Madison Avenue probably will take place at the War Memorial, opposite St. Elizabeth Hospital, on Memorial Day. He hopes appropriate ceremonies can be arranged to mark the occasion.

Parking Meter Income Hits All-Time High During 1970

After declining for three consecutive years, revenue from parking meter operations in Granite City took a sharp upturn in 1970 to exceed the \$50,000 mark for the first time since meters were installed according to statistics based on

reports by City Clerk Robert Stevens.

A total of \$30,826 was collected during 1970, including \$27,626 in meter fees and \$3,198 in fines.

The previous annual collection record in November when \$1,723 was collected. In 1968, the amount declined to \$48,145 and in 1969 it dropped again to \$47,147. The total for 1970 was \$3,679 more than the 1969 income.

The largest fee collection of any one month of 1970 was reported in December, due to the Christmas shopping rush. In that month, \$4,300 in fees was collected. The second highest collection was in March when \$3,650 in fees was collected.

A crackdown on overdue parking tickets in the latter half of 1970 brought nearly \$2,800 total fines above the 1969 figures of \$1,608.

The drive was most apparent in August when \$2,837 was collected in fines. The second highest monthly fee collection was in November when \$1,723 was received. Fines totaling \$1,608 were collected in October.

The average monthly collection of fines was \$1,100. The lowest amount of collections for the year was \$441 in January.

In the 28 days the office was in operation in December, an average of \$219 was collected daily. This compares with the average daily income of \$168. Daily average fee and fine revenue in 1969 was \$151.

MORE ABOUT Record Budget

nances and minutes of the board's meetings.

Drops Slightly

This year's budget for engineering purposes totals \$56,550 down slightly from last year's \$59,350. Salaries for engineering purposes are listed at \$77,000, unchanged from the 1970 figure.

The total of \$373,450 budgeted for general maintenance this year includes, in addition to the \$185,000 listed for labor costs, an item of \$25,000 for contract labor, \$25,000 for automotive expenses and \$35,000 for materials and supplies. Other major items include \$12,000 for new automotive equipment, \$15,000 for new equipment at the levee district garage, \$5,000 for new maintenance equipment, \$10,000 for building repairs and \$15,000 for equipment repairs.

A major item in this year's appropriation is \$140,000 projected as the cost of a district-wide election of levee district trustees. A special election next June has been ordered by Governor Richard B. Ogilvie who holds the trusteeships have been vacated by the circuit court conviction of the present four trustees on charges of misconduct in office. The trustees are seeking to remain in office pending appeals.

The combined departmental budgets of \$620,350 for project costs \$149,925 for administration, \$26,550 for engineering, \$373,450 for general maintenance and \$71,000 for the police department present a total of \$1,271,275 for the general fund.

In addition, the budget sets up \$10,000 for liability insurance, \$25,000 for the Municipal Retirement Fund, \$14,000 for auditing and the \$140,000 for election expenses, bringing the overall budget total to \$1,490,275.

1970 Budget Comparison

The 1970 departmental totals were \$561,900 for project costs, \$181,075 for administration, \$29,350 for engineering, \$371,150 for general maintenance and \$69,000 for the police department—for a total general fund budget of \$1,244,275.

Added to these items were \$55,000 for municipal Retirement, \$14,000 for auditing and \$10,000 for liability insurance—for a total overall budget originally was published at a total of \$1,323,275, but his amount later was amended when a \$30,000 appropriation scheduled for a Madison county project was dropped.

In addition to the amount budgeted for operating costs in the new budget, levee district taxpayers also will be charged slightly more than \$1 million more to meet bond payments. Payment of costs of bond principal and interest are not budgeted by the levee district, but are extended to the county clerks of the two counties in the district under original bonding ordinances.

Last year's budget and tax extension for bond payments amounted to \$1,045,875.

Rendleman Not Issue in SIU Appointments

Governor Richard B. Ogilvie who soon may appoint three trustees of the Southern Illinois University board, said last week that he will not discuss the position of Chancellor John Rendleman of SIU-SW with the appointees.

Ogilvie repeated his criticism of Rendleman in his role as executor of the estate by the late Secretary of State Paul Powell and said "there is very deep concern" over the delay in reporting discovery of \$800,000 in Powell's Springfield apartment.

The governor said suggestions that the secretary of state's office be stripped of all powers except custody of records "has some merit," but said he believed legislators would be cool to such suggestions.

Stakeout Nets GC Man On Narcotics Charge

A stakeout by federal agents in a controlled delivery of a package of narcotics at the Granite City Post Office resulted in the arrest of a local man at 4:45 p.m. Thursday.

He is Larry Huett, 22, of 2300 Paul Ave., who was charged with unlawful possession of narcotics.

The arrest was made by Granite City police at 24th Street and Washington Avenue after the package was picked up at the post office where federal agents waited throughout the day.

Police said the narcotics — hashish — had been mailed from Germany. Weighing about two pounds, the retail value was estimated at \$5,000.

Huett appeared in magistrate court Friday afternoon and was released on \$10,000 recognizance bond.

Contractors Plan Suit to Clarify Hiring Issues

Contractor members of the Southern Illinois Builders Association will resort to the federal court this week in an effort to resolve conflicts between equal employment requirements and their contracts with the labor unions — a problem that threatens to shut down a number of major highway construction projects in Madison and St. Clair counties.

Harold L. Gangrath, executive director of the SIBA, announced Saturday that a declaratory judgment defining which of the commitments take precedence will be sought in a proceeding to be filed this week in U. S. District Court at East St. Louis or Springfield, Madison and St. Clair counties are in separate federal districts.

Four major highway projects, two of them in Madison county, are shut down last week by the Illinois Division of Highways after surveys disclosed

there were not enough minority workers employed on the jobs. The highway division said three other projects face a shutdown this week if further inspection shows the number of minority trainees has not been brought up to the minimum requirement.

Approved Plan
Contractors have signed a plan proposed early last year by Illinois Governor Richard B. Ogilvie under which minority trainees were to be placed on construction jobs at a ratio of one trainee to each journeyman. The U. S. Department of Justice also backed the plan as a means of lifting a two-year federal freeze on highway construction funds in the bi-county area.

The freeze was lifted last June. The unions, however, continue to oppose the plan on grounds the trainees are not union members.

Gitcho Hailed as Potential U.S. Champion; Cougar Matmen Now 4-1

SIU-SW has zoomed to prominence in intercollegiate sports competition in a very short time. Varsity competition was inaugurated just three seasons ago with soccer, basketball, baseball and golf teams.

Now, in the fourth season, the Cougars are competing in seven sports.

The latest addition, wrestling, under the coaching of Larry Kristoff, gives promise of equalling, or bettering, the progress made by Coach Bob Guiter's soccer team, Coach Roy Lee's baseball squad, Coach Harry Gallatin's golfers and Coach Jim Dudley's cagers.

Jack Whitted's track team, which began competition last season, appears poised to take off, too, as are John Flamer's cross-country runners.

The wrestling Cougars, in their second season, are off to a stunning 4-1 record and, despite being basically a young team—eight of the 10-man team

are freshmen—give every evidence of posting a good season record as well as qualifying in postseason tournaments.

Plus Early in Meet
In the Cougars' latest mat meet, Coach Kristoff's charges walloped the University of Evansville (Ind.), 39-5. In the Cougar's match with the Indiana school, 118-pound Ed Brien, Chicago Heights, pinned SIU-SW off right by pinning Ken Klein.

Jan Gitcho, one of only two upperclassmen on the squad, pinned Earl Wolf in the 126-pound division. Says Kristoff of Granite City's Gitcho, "Jan could be a national champ... he's got the tools."

Phil Janéteas, a Chicago Junior, decisively pinned Bobbie Lyons in a 134-pound match. Russell Baum, a freshman from Decatur's MacArthur High, pinned Curt Peterson in the 142-pound class. Mike Taylor, a freshman from St. Louis' Vashon High, pinned Dave Swindle in the 158-pound event.

Tim Evans of Belleville continued the Cougars' onslaught by pinning Pat Jackson in the 158-pound event. Tony Pierce of Dayton, Ohio, added more points to the SIU-SW total by pinning Jim Ward in the 167-pound event.

Victory by Pates was by Nick Brooks, a freshman

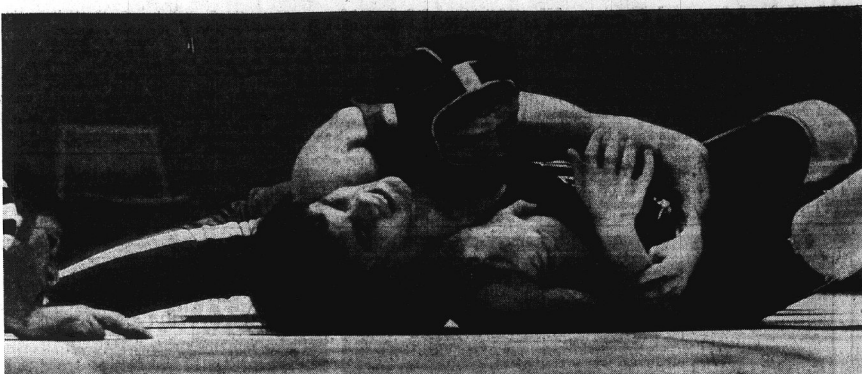

from Webster Groves High, decisive Mike Merritt, 11-2, in the 177-pound division. Bob Pates, Granite City, pinned Dave Weiner in the 180-pound event.

The Cougars missed a shut-out when their heavyweight, Rich Woolley of Jerseyville, Ill., was pinned by Steve Ierardi with only 10 seconds remaining in the match. Says Kristoff, "Woolley will get better. It must be remembered that he never wrestled before he came out for the team here."

Remaining Cougar wrestling matches: Friday, Jan. 29, Southeast Missouri State at Cape Girardeau, Mo.; Tuesday, Feb. 2—MacMurray College at Jacksonville, Ill.; Saturday, Feb. 6—Central Missouri College here; Wednesday, Feb. 12—Washington University, St. Louis, here.

Friday, Feb. 12—Northeast Missouri State Kirksville, Mo.; Wednesday, Feb. 24—Eastern Illinois University here; Saturday and Sunday, March 12-14—at NCAA college division tourney at Fargo, N.D.

Friday and Saturday, April 9-10—at National Federation tourney, Stillwater, Okla.; Friday and Saturday, April 16-17—at National AAU tourney, Tampa, Fla.

SIU-SW WRESTLER JAN GITCHO (face in profile) is shown just seconds before he pinned Earl Wolf of the University of Evansville, Ind., mat team in their 126-pound event as the

Cougars defeated the Indiana school 39-5 to run the SIU-SW record to 4-1. Gitcho is from Granite City.

Cougar Cagers Embarrassed By Culver-Stockton 79-76

Coach Jim Dudley had different stories on the outcome of Saturday night's game between Southern Illinois University-Southwestern and Culver-Stockton College.

Culver-Stockton won 79-76 in a contest which was saved from being dull only because of its exciting finish.

The winners' record went to 9-4, while the Cougars are now 11-4.

Dudley said, "We just weren't getting the shots we normally get. In all our games to this point, we will take an average of 20 to 30 more shots than our opponents. I don't know for sure, but I'd think both teams shot just about the same number."

He was right. SIU-SW shot 68 times and made 29, while Culver-Stockton took one less and hit on 31. The Cougars hit a .439 average while the Wildcats won the contest by hitting at a .477 clip.

Even so, the game was still won in the last few minutes at the free-throw line as the Wildcats made nine straight.

Gene Bonds, Cougar 6-8 junior center, had an opportunity to tie the game at 1:38 to go with Culver-Stockton ahead 73-71, but he missed two free throws.

But it was Bonds' best game of his career at SIU-SW as he poured in 23 points, just one less than the 24 made by John "Champ" Summers.

The winners had a more balanced attack as Scott Lange hit for 19, Frank Guiterre made 16 and Jerry Norman and Clarence May each made 11.

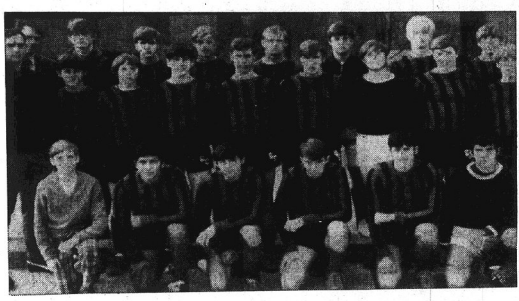

The Cougars will play Lincoln University of Jefferson City, Mo., on Wednesday and Tennessee State on Saturday, both at the Edwardsville High School gym.

Braves Cut Chiefs Scrape in 46-9 Go
The Coolidge Braves defeated the Prather Chiefs 46-9 in a wrestling meet Thursday on the loess' mats.

Winners for Prather were Phil Lapinski (87), who pinned Pat MacMillan in 1:00; John Mikolajczuk (108), 2-1 over Dave Rushing; and Larry Sorenson (132), 9-6 over Scott Griffith.

Coolidge victors were John Nelbur (98), 7-0 pin of Bruce Howell; Dan Heath (112), 12-6 over Andy Knott; Dale Bogovich (119), 0-48 over Vernon (126), 4-45 over Chester Fetter; Nelson; Dave Rubenhausen Ken Nolan (138), 4-27 over Dan Waugh.

Larry Haddix (145), 1-12 over Gregg Blackwell; John Avedisian (155), 1-25 over Mike Morgan; Tim Killian (167), 1-25 over Steve Kromarz; Mike Portell (185), 0-47 over Steve Goodson; and Jim Barker (heavyweight), 5-25 over Jeff Black-orby.

SOCCER TEAM at Granite City High School which earned a 12-1-4 record this year are: left to right, front row, Steve Brewster, manager, Bobby Galvin, Sam Valencia, Gene Briggs, Stan Almon and Carl Harrison; second row, Coach Tom Wyrostek, Perry Dillard, Wayne Canada, Jerry Duncan, Steve Burdge, Jim Conway, Glenn Williams, Jim Forrester and William Christopher; and third row, Junior Varsity Coach Stan Wojcik, Billy Brannauer, Clay Winfield, Jeff Worthen, Dan Noeth and Tom Hudson. Not shown is manager Walt Money.

Record Points to Fine Year For Warrior Soccer Squad

By GARY SCHNEIDER
Press-Record Staff Writer

A record of 12 wins, one loss and four ties isn't too bad for one season.

As a matter of fact, it was so good that when the independent Granite City Warriors soccer squad finished its regular season the local kickers scared of all opponents who may have wanted to play post season games.

"Who wants to play an independent team with our record," Coach Tom Wyrostek said after all attempts to extend his team's schedule failed. "No one likes to lose," he said.

The Warriors' performance during the year was excellent, but much of the credit for the successful year must go to Wyrostek's defensive team.

In 17 games the defense gave up only 11 goals while the offense was able to score 59 times. The defense must also be credited with nine shutouts, giving their opponents blanks in over half of the games they played.

The defense is also credited with keeping opponents out of scoring position a majority of the time. Foes were only allowed 117 shots on goal while the Warriors were able to get inside for 256 shots.

Goalkeeping Outstanding
With only 11 of the opponents' 117 shots successful, credit must also be given to goal tenders Jeff Worthen, who never played in a losing game all year, and Glenn Williams, who was at the net during the team's only loss, but who also was responsible for all nine shutouts.

Even the best defensive team will be consistent, however, without the backing of a good offensive squad, and this year's group was outstanding, scoring in 16 of their 17 games.

Even as they watched part of their school burn in a huge fire Nov. 30, the offensive players kept their eyes focused on the net and managed to shut out Chamblaine 4-0 that afternoon.

Galvin Led Team
Leading the offense rush in 14 games was Bobby Galvin, inside right, who scored 22 goals, 13 unassisted, and was credited with four assists for 48 soccer points this year.

In three years with the Warriors, Galvin has scored 53 goals in 44 games. Second in the point standings was Wayne Canada, inside left, who was credited with 15 goals and seven assists for 37 points. Canada was solely responsible for a 3-0 shutout of Assumption Jan. 7.

In third place is Jerry Duncan, halfback, who scored eight goals this season, half of those unassisted, and was credited with four assists for 20 points. He is followed by Jimmy For-

rester, center forward, with six goals, half of those unassisted, and five assists for 18 points.

Trailing by only one point was Carl Dake, outside right, who had seven goals and three assists.

These five men were responsible for 51 of the 59 goals scored during the season.

Coach Shares Wins
In a high school team, a great deal of the credit has to be given to the coaching. Under Wyrostek and Wojcik the squad maintained a winning attitude throughout the year, and most of the time it was justified.

Not one to accept too much credit, Wyrostek is known for shifting the responsibility to the players. "We owe it all to a great offense and a defense that never let us down," he said.

"Special credit should be given to our halfbacks, Jim Conway and Jerry Duncan, fullbacks John Conway and Steve Burdge and center halfback Clay Winfield for our defense and to all the boys for playing all out most of the time," Wyrostek said.

Madison Eyes New Athletic Conference

Formation of a new athletic conference is being considered by eight high schools in Missouri and Illinois, including Madison High School, it was disclosed at a meeting of the Madison Board of Education Thursday night.

In addition to Madison, the conference would be composed of Marquette of Alton and Dupe in Illinois, and Wentzville, St. Francis, Fort Zumwalt at O'Fallon, Duquesne and St. Francis of Washington, all in Missouri.

The conference would cover all sports—football, basketball, wrestling, track and baseball.

All of the schools are of similar size, though several of the Missouri schools are entering the field of football for the first time.

The school board approved plans for Madison's participation in the conference if it develops.

Madison has been a member of the Midwestern Conference, but that league which Madison administrators helped organize will be disbanded after this school year.

A check with state school authorities showed that there would be no obstacles in Madison's participation in a bi-state league.

Haverman, a 6-5 sophomore, scored with ease. MHS regrouped and double-teamed him Saturday night, Hazelwood led 26-12. The score stayed close until the last three minutes, when the pressing Trojan defense caused turnovers and enabled MHS to win a seven-point edge. Haverman finished with 16 points.

Belleville East also had 6-6 and 6-4 players and a 51%-41% shooting edge, but "we stopped playing better-sketter and were able to both fast-break and set up scoring plays," Coach Larry Graham noted.

Douglas Griggs and Ed Chandler each scored 15. Larry Boyd 13, Jerry Belford 10, Clinton Burkhal seven and Daryl Fletcher, two. Griggs took 14 rebounds as MHS led 36-26. Grand Jury Recommends Improved Operations

The Madison County Grand Jury, in making its final report Thursday, was critical of "unimproved space" at the juvenile detention home at the expense of taxpayers and presented some recommendations in other areas.

The home had a daily average of five inmates last month while it can accommodate about four times that amount. The jurors, however, added, that the facility was "well kept."

Recommended for the county jail were: sanitizing bedding and toilets, utilize existing space available to eliminate contact with prior offenders and first offenders, scrutinize inmates for presence of drugs, improve lighting and ventilation and cite needed space for exercising offenders.

The jurors asked that more effort be applied to complete conversion of the tuberculosis sanitarium into a nursing home as present nursing home facilities are inadequate.

Sgt. Cook further added that the U.S. Army will guarantee assignment to the school in writing prior to enlistment. Interested applicants may contact Sgt. Cook at 1206 Niedringhaus Ave., or telephone 876-5559 for an appointment or information.

R. D. Johnson State Park Superintendent

Ronald D. Johnson, director of Elmhurst Park District, has been named superintendent of state parks and memorials in the Illinois Department of Conservation. Henry N. Barkhausen, conservation director, has announced.

Johnson, 43, assumes his duties Feb. 15. He succeeds Theodore M. Kavadas, recently appointed executive assistant to Barkhausen.

Barkhausen said Johnson will be in charge of management, maintenance and operations for 74 state parks and conservation areas and 18 memorials. He will direct a staff of 600 full-time employees and 300 seasonal personnel.

Since 1960, Johnson has been responsible for planning, development, land acquisition, facility maintenance and community recreation programs for a park district which serves 50,000 people and had a budget of more than \$500,000 last year. He held a similar position with the Monroe, Wis., park district for 6½ years.

Johnson is a native of Oconomowoc, Wis., and holds a bachelor of science degree in education from the University of Wisconsin where he majored in nature study. He has done graduate work at the University of Illinois and Indiana University, and is certified as a landscaper. He served 4½ years in the Navy.

Delay Depot Transfers For Those in School

Granite City Army Depot employees who have children in school will not be transferred to new posts by the Department of the Army until the end of the school year, or about July 1 when the Army Depot is scheduled to become completely inactive, it was reported Saturday.

The deferment of transfers in cases where it would involve hardships, such as having children in school, was announced by Congressman Melvin Price (D-East St. Louis). Price said he had discussed the problem with Army officials who readily agreed to the delay.

The transfers were to have been made by April 1 which would have required employees with children to take their minor youngsters out of school just before the end of the school year. Most of the employees are to be made to a depot in Utah.

Leonard Gilles, representative of the Operating Engineers Union which represents blue-collar workers at the depot, said he was pleased with the decision and that employees at the depot have been notified.

According to Army figures, 613 civilian employees are to be transferred and 817 jobs are to be eliminated.

It was decided to aid the Venice Crippled Children's Organization and the Masonic Homes Endowment Fund. The meeting was preceded by a beef stew dinner at the Masonic Temple.

First Graduate Here, Homer Frohardt, Dies

Homer O. Frohardt, 85, of 3303 Arbor St., Omaha, Neb., the first Granite City youth to graduate from high school here, died early Sunday at a Omaha hospital. He had been ill the past year and entered the hospital one week ago.

Mr. Frohardt was a son of the late Professor and Mrs. L. P. Frohardt. His father was the first superintendent of schools in the Quad-City area and was responsible for establishing the first high school here.

Frohardt Grade School on Johnson Road is named in memory of the pioneer educator, who also served as an alderman on Granite City's original city council.

Among the survivors are three brothers, Elmer F. Frohardt, a retired Granite City High School teacher, Ralph E. Frohardt, who retired four years ago as principal of Coolidge Junior High School, and

Waldo E. Frohardt, who is employed by a St. Louis engineering firm.

Commercial Photographer
Mr. Homer Frohardt came here with his parents in 1894 and remained until 1904 when he became interested in photography and left the community to work in Nebraska. In later years, he became a successful commercial photographer and pursued that career until about five years ago when he retired.

Several photographs taken by Mr. Frohardt during and after a devastating tornado were judged outstanding and reproduced in national publications. Flood scenes he captured on film in 1904 in the Quad-Cities, appeared in a special series year in the Granite City Press-Record.

Mr. Frohardt was the first youth to graduate from high school here, together with two boys from other sections of the Quad-Cities.

The high school class was formed in 1888 by Prof. Frohardt who, at the time, was severely criticized for establishing classes above the eighth grade level.

Frohardt and his wife, Ora, observed their 50th wedding anniversary in 1939. Mrs. Frohardt, formerly of Alton, died 11 years ago. A daughter, Helen, also preceded him in death.

Beside the local survivors, also surviving are three sons, Roger, David and Homer Frohardt Jr., all residents of the Omaha area; two daughters, Mrs. John (Ruth) McKenney, Fremont, Neb., and Mrs. Robert (Sarah Jane) Dymachek of Omaha; several grandchildren and great-grandchildren.

Local relatives left today for Omaha, where funeral services are scheduled to take place Tuesday afternoon at a funeral home there.

GC Woman Enrolled At Fort Lee Center

Mrs. Rebecca V. Slate, 2604 Benton St., is attending the Army Integrated Materiel Systems Course at the Army Logistics Management Center, Fort Lee, Va.

Mrs. Slate is an inventory management specialist at the U. S. Army Mobility Equipment Command in St. Louis. The instruction program she is completing, is one of more than 30 resident courses offered on the Center campus.

The Fort Lee Management Center also features extension courses, an on-the-job education program, a group study program, and mobile instructor teams for teaching students who cannot afford classes at the Center.

Local relatives left today for Omaha, where funeral services are scheduled to take place Tuesday afternoon at a funeral home there.

Cites Aid for Filing Social Security Forms

Ralph Brasher, district manager of the East St. Louis Social Security Office, offers a helpful reminder to those self-employed persons who are applying for monthly payments or for Medicare protection. He advises them to bring along a copy of their 1970 tax return.

This will allow their 1970 earnings to be counted in figuring their benefit amount. However, Brasher cautioned people who are reaching 65 years of age not to delay filing for benefits because they have not yet filed their 1970 tax returns. To do so, he said, may cause them to lose valuable medical protection for some months.

Everyone who is applying for retirement benefits, Brasher said, should have proof of his age to establish his right to the benefit. This is usually a birth certificate near the time of birth or a infant baptismal certificate. If these documents are not available, Brasher said, his office will be glad to help people get other proofs.

Anyone having questions may phone the office at 274-2200, 397-5330, or write to Social Security Administration, 620 Mississippi Ave., East St. Louis 11, Illinois, 62201.

Tax Tables Reflect Low Income Changes

The Federal income tax tables for 1970 take into account the low income allowance added to the law by the Tax Reform Act of 1969. As a result, said Jay G. Philpot, district director of Internal Revenue for Central and Southern Illinois, taxpayers do not have to figure the low-income allowance.

For 1970, the maximum low income allowance is \$1,100. The effect of the \$1,100 allowance and the \$625 personal exemption on a single person with no dependents is to eliminate liability for tax until income reaches \$1,725 (\$2,350 for a single person 65 or over).

Mr. Philpot said the tables reflect whichever is the larger for each income bracket—the effect of the \$1,100 allowance or the percentage standard deduction. The tax table covers income up to \$10,000. Until this year, tax tables covered income under \$5,000.

Taxpayers with incomes of \$10,000 or more who expect itemized deductions will continue to compute their own tax instead of using tables.

MRS. EDDIE A. BEAUETTE. Her wedding took place Saturday at First United Presbyterian Church, 22nd St., and Delmar Ave.

Miss Effa Jo Crabtree Weds Eddie A. Beauette

First United Presbyterian Church in Granite City was the setting Saturday afternoon for the wedding of Miss Effa Jo Crabtree and Eddie A. Beauette, both of Columbia, Mo.

The bride is a daughter of Mr. and Mrs. Thomas F. Crabtree of Lake Ozark, Mo., formerly of Granite City. Mr. Beauette's parents are Mr. and Mrs. William Reddell of St. Louis.

Rev. Dr. David B. Maxton officiated at the 2 o'clock ceremony before the altar decorated with bouquets of white flowers.

Mrs. Wm. Ledbetter was soloist, accompanied at the organ by Mrs. Isabelle Schmidt, who played the wedding marches. The songs were "The Wedding Prayer" and "Be Thou With Thine."

Mr. Crabtree gave his daughter in marriage. She wore an A-line gown of ivory satin embellished with lace and re-embroidered with seed pearls. It featured a high neck covered with lace motifs, and long sleeves tapering to points at the hands. A mantilla bordered with matching lace cascaded down the back to form a chapel train. The bride carried a cascade of gladioli, centered with a hybrid orchid.

Mrs. Marilyn Bodnam of

MRS. LARRIE W. BONER, who was married Saturday evening at the Meadow Heights Baptist Church in Collinsville.

Miss Loverna Johnson Weds Larrie W. Boner

The wedding of Miss Loverna Johnson and Larrie Wayne Boner took place Saturday evening at the Meadow Heights Baptist Church in Collinsville.

The bride is a daughter of Mr. and Mrs. Elmer G. Johnson of Maryville. Mr. Boner's parents are Mrs. Lorene Boner, 53 Kasberg Park, and Lee Boner, Route Two, Granite City.

The Rev. Ralph Limberg of Raleigh, North Carolina, performed the 7 o'clock ceremony in a candlelight setting. Mr. Johnson gave his daughter in marriage.

Music for the occasion was provided by Mrs. Almyra Miller, organist, and Richard Indermark, vocalist.

A traditional gown of Chantilly lace over taffeta was worn by the bride. The bodice was designed with a high neck and full sleeves with deep cuffs. Six tiers of lace ruffles which formed the skirt swept into a wide train and a veil of silk illusion was held in place with a headpiece of pearls, orange blossoms and seed pearls. The bridal bouquet of white roses was centered with an orchid corsage.

Miss Nancy Indermark of Caseyville, as maid of honor, and two bridesmaids, Mrs. Joanne Gault of Caseyville, a cousin of the bride, and Mrs. Gail Johnson, Collinsville, a sister-in-law, were dressed alike in royal blue crepe gowns with full chiffon sleeves, deep cuffs and high waists with U-shaped necks trimmed with silver and light blue. Headpieces and veils matched the gowns and they carried yellow chrysanthemums.

A little flower girl, Tracy Taylor, dressed like the older attendants, held a basket of petals. The rings were carried by Tony Earhardt on a heart-shaped satin pillow.

Don Taylor of Granite City was best man for Mr. Boner and Jim Gault, Caseyville, Darrell Johnson, Collinsville, the bride's brother, Jim Wright, a cousin, and Russell Boner, the bridegroom's brother, both of Granite City, served as groomsmen and ushers.

The wedding reception was held at the Fairview Heights VFW Hall.

New Tax Exemptions Have Broad Sweep, Scott Rules

Attorney General William J. Scott on Friday issued a legal opinion which underlies a broad sweep of the Illinois Personal Property Tax exemptions that became effective Jan. 1, 1971.

The opinion, requested by Robert J. Lenhausen, director of the Illinois Department of Local Government Affairs, specifically covers the sectors of exemption which apply to individuals, businesses, farms, partnerships and corporations. Attorney General Scott expedited Lenhausen's request so that Supervisors of Assessment throughout the state could order the printing of forms and

advise Township Assessors as required by the Revenue Act, prior to the next scheduled assessment date, April 1. Scott's opinion, in substance, holds that:

1. An individual proprietor is exempt on his business inven-

ty used in that business. 2. An individual farmer is exempt from taxation on farm equipment and personal property owned in his capacity as an individual farmer. 3. The personal property of partnerships is exempt on the legal grounds that "a partner-

ship is an association of two or more persons who carry on a business for profit. The effect of the taxation of partnerships property would be directly upon the individual partners and consequently exempt." 4. The personal property of

a decedent's estate is exempt for heirs and legatees as individuals. Scott held, however, that "if the legatee is a corporation then such personal property would be subject to tax." 5. The personal property held by an individual trustee is exempt from taxation "if the beneficiaries or beneficial owner of the 'trustee' might be a corporation does not alter the

exemption, the opinion states, "since the effect of the tax would be directly upon an individual beneficiary." 6. Personal property owned by tenants in common or joint tenants as individuals is exempt. 7. Personal property owned by individuals in a joint venture or other co-ownership are equally exempt since the effect

of the tax would be upon individuals. The new Personal Property Tax exemptions were approved in a statewide referendum last Nov. 3 (1970) as an amendment to the old Illinois Constitution of 1870. The vote on the amendment was a side-issue to the General Election. The new Illinois state charter providing that "any ad valorem

Name Library Head at SIU-SW Dental School

Gloria D. Kharibian has been appointed an assistant professor and head of the Biomedical Library of the School of Dental Medicine, Southern Illinois University.

Her appointment has been approved by the SIU Board of Trustees.

Miss Kharibian comes to SIU-SW from the Washington University School of Medicine Library, where she was a Public Health Service trainee in computer librarianship.

She previously was reference head at the Public Health Library, University of California, Berkeley.

Discussing her new appointment, Miss Kharibian points out that the Biomedical Library of the School of Dental Medicine will have to meet the needs of a variety of persons.

"We will have a first priority to acquire library materials for students in the School of Dental Medicine and for faculty research connected to our School. Equally, as important, she added, are the needs of the practicing dentists and other health professionals in the area who will be served through the School's advanced education program.

The librarian points out that SIU-SW will probably become a regional library center for health related professions in this area of the state. She anticipates that volume acquisition will begin this month. Minimum beginning needs call for subscription to 700 periodicals for the Biomedical Library.

"That may sound like a lot of journals, but there are about 20,000 quality periodicals in the biomedical sciences now being published," she said.

Paul Stevens of Granite City, production supervisor at the Owens-Illinois Forest Products Division in Madison, has completed a second-level course in Wittenberg University's Management Development Program at Springfield, Ohio.

Jack Buck to Speak At Retailers' Dinner

Jack Buck, noted sportscaster for the St. Louis Baseball Cardinals and sports director of Radio Station KMOX, will be guest speaker at the 85th annual membership dinner of the Associated Retailers and Civic Association, set for 7 p.m. Wednesday at the Rose Bowl restaurant.

A few tickets still remain for the event with the reservation deadline extended through Tuesday, Arnold Fleishman, Association president, announced today. More than 180 reservations already have been received.

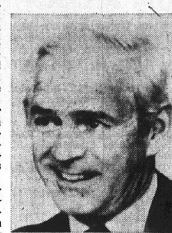

Fred R. Williams, First Granite City Savings and Loan executive officer, will serve as master-of-ceremonies. Fleishman said. A brief business meeting will include the annual election of officers and directors, he added.

Quick of wit and at ease with guests who range from the great of the baseball world to national political figures and top entertainers, Jack Buck is one of St. Louis radio's most ingratiating personalities and in great demand as an after-dinner speaker, Fleishman noted.

In addition to his job as Cardinal Baseball sportscaster, Buck serves as sports director for KMOX Radio and guides in the station's comprehensive sports coverage of all major sporting events. Besides the play-by-play broadcasts and hosting of segments of "At Your Service," he also is host of the "Sports Review" each weekday at 7:55 a.m., and "Take Five" at 5:30 p.m. nightly.

Buck's varied radio experience has given him an ideal background for his "At Your Service" participation. In a typical week, he has been known to successfully interview a governor, lawyer, sports figure, comedian, teacher and clergyman, and his natural talent for finding humor in all facets of his work-a-day life shows during the "Jack Buck Show," aired daily at 9:15 a.m., Fleishman commented.

Hailed by the New York Times as "one of the most refreshing personalities" in the communications field, Buck's fame has spread across the country and he was selected

JACK BUCK

last year to broadcast the NFL-AFL "Super Bowl" game on network television.

The St. Louis radio personality is a graduate of Ohio State University and was employed as a newsreader, sports announcer and radio variety show emcee before coming to St. Louis.

Completes Training As National Director

William Wayne Robinson of Granite City has completed the New Director Induction program of The National Management Association in Dayton, Ohio. He had been elected to NMA national directorship at the group's annual convention in Chicago.

Robinson is senior systems analyst with Granite City Steel Co., and is an active member of his own NMA-affiliated club, the Granite City Steel Management Club.

The National Management Association was formed in Dayton in 1925 to further professionalism in management and promote the American free enterprise system. It is one of the world's largest associations of management people.

7-Year Low in Steel Employment Reached

Domestic steel employment hit a seven-year low in November 1970, according to American Iron and Steel Institute. A new report by the Institute showed that the number of wage and salaried employees on industry payrolls dropped 15,477 during the month—to 505,409 persons. This was domestic steel's lowest employment total since November 1963.

Wage and salary payments in November 1970 totaled \$407,900,000—a drop of \$27,256,000 from October. Through the first 11 months of 1970, domestic steel wage and salary payments had reached \$4,821,177,000—compared with \$4,884,782,000 for the same period of 1969.

Other highlights of the Institute's steel employment report include:

Total employment costs per hour worked by hourly employees:

\$5.89 in November 1970 compared with \$5.38 average for 1969. The employee benefits included in the figure (pensions, insurance, supplemental unemployment benefits, the nonpayroll portion of savings and vacation plan costs and legally required payroll taxes) are partly estimated.

Average hours worked per week by wage earners: 35.2 hours in November, compared with 36.4 hours in October and 37.2 hours in September.

The data covers only employees engaged in production and marketing of steel and excludes mining and nonsteel employees in companies having such operations.

Speak on Drugs

Demos Nicholas, investigator of the Madison county sheriff's department, will speak on drug usage at a meeting of the Grand B's Business and Professional Women's Club of Bunker Hill, Bethalto, at 7 p.m. Feb. 8. The meeting will be held at the Flaming Pit Restaurant in Edwardsville, and will be open to the public.

Welfare Reform, Revenue Sharing Sought; Progress Made on Postal Service Efficiency, New Agencies

By U. S. SENATOR CHARLES H. PERCY

Additional comments on the past year.

Protectionists in Congress made a strong effort to legislate import quotas and thereby reverse the commitment to freer trade that has characterized American policy for more than three decades.

Fortunately, however, it became apparent in the waning days of the 91st Congress that the trade bill, which I strenuously opposed and which the floor of the Senate would not be adopted by the Senate.

My objections to the bill were numerous:

It would have increased our already dangerous rate of inflation; it would have increased the inefficient and, of prime importance to the economy of our country, it unquestionably would have led to retaliatory action by the European nations and Japan against American agricultural exports, particularly soybeans and corn from Illinois.

In my judgment, the death of the trade bill in the 91st Congress—it would have carried us back to the disastrous days of the Smoot-Hawley legislation of the 1930s—represents a major victory for the people of Illinois.

Since my last year report, Congress has faced up to its responsibilities in many areas, passing several notable pieces of landmark legislation. We failed in other areas.

Though the pace with which we conducted the nation's business was often excruciatingly slow, we managed—only partly because of the first lame-duck session in nearly two decades—to write what I deem to be on balance a positive record on domestic legislation.

One reason for this accomplishment of the second session of the 91st Congress was the broad effort which we made to try to understand the structure of government and make it more responsive.

Again, there were some frustrations, in the form of sound reforms that were rejected or postponed by protectionists, but there were several encouraging developments.

Welfare:

Let me begin with the most revolutionary reform and the one which, at this writing, appears destined to be a major disappointment—the Family Assistance Plan, President Nixon's proposal for a new overhaul of our archaic welfare system.

This nation's present public assistance programs are a moral, economic and administrative disgrace.

They promise a family breakup, destroy the will to work, degrade the recipient through a series of demeaning eligibility tests and punish us as a people by their very existence.

The Family Assistance Plan would place a \$1,600 federal floor under welfare payments, ending the wide disparity that exists between states such as Illinois and Mississippi.

It contains strong work incentives, which would help move many thousands of Americans off the welfare rolls and into the areas where they would contribute to the support of their communities rather than being supported by them.

It offers job training to the unskilled and provides day facilities for working mothers with small children.

In sum, it rebuilds the machinery of the welfare system from the ground up, and represents one of the most significant pieces of social legislation since the 1930s.

Because I believe so deeply in the need for welfare reform, I was dismayed as we moved into the final days before adjournment by the failure of the Senate to enact the Family Assistance Plan.

But the bill has passed the House, hearings have been held in the Senate and it is now before the Senate floor, with my sponsorship. I am confident that it will become law in the new Congress.

Postal Service:

The Post Office department, with its chronic deficits and its labyrinthine political arrangements, was reorganized in 1970 into the United States Postal Service, an independent establishment within the executive branch.

Hopetully now, through implementation of modern business techniques, and by taking politics out of the Post Office, the American people will begin to receive the type of efficient mail service that has been denied them for too long.

Social Security:

Widespread support developed in 1970 for my bill, introduced originally in 1967, to establish a

Sam Kowalczyk Observe Golden Wedding Year

Surrounded by relatives and friends numbering approximately 250, Mr. and Mrs. Sam Kowalczyk, 1713 Edwardsville Road, Madison, celebrated their golden wedding anniversary at a reception and dinner Saturday evening at the Polish Hall in Madison.

Golden flowers, wedding bells and streamers decorated the hall, and the table where the guests of honor were seated held a large anniversary cake topped with the numerals "50," in gold, gold bells and leaves.

Mr. and Mrs. Kowalczyk were married Jan. 28, 1921, at Our Lady of Czestochowa Catholic Church in Madison, now St. Mary's Catholic Church, where

the couple renewed their vows at a 6 p.m. Mass prior to the reception. Among those present for the event were several who were in the original wedding party. Mrs. Frances Zabotka, who served as maid of honor, and Mrs. Cecelia Spinks, both of Madison; Mrs. Lorraine Steinhilber, and Mrs. Sophie Kostelci of St. Louis, bridesmaids, and Mrs. Leona Bampher of Madison, flower girl. All were presented with corsages.

There was also one groomsmen in attendance, Alex Dobrowski of Madison.

The Kowalczyks have four children, Florian and Edward of Madison, Mrs. Edward (Theresa) Gula of Granite City, and Miss Cecelia Kowalczyk at home. There are 12 grandchildren and two great-grandchildren. Two daughters of the couple are deceased.

Catholic Charities Directors Meet, Report on Activities

A meeting of the board of directors of the Quad-Cities Catholic Charities was held last week.

The Rt. Rev. Magr. William J. Cassin chaired the meeting because of the death of the president, Paul Edmonds, and the illness of the vice-president, Thomas Nesbit.

It was reported that the 1971 allocation from the United Fund is \$35,500.

The Catholic Charities handled a total of 598 cases for the year 1970. Of this total, 447 were family welfare cases and 151 were child welfare. Service was given to 19 unmarried mothers and 12 adoptions were finalized. The agency has 8 active foster homes. The agency has been receiving an increased number of referrals for financial assistance from other private and public agencies. The United Fund director is to call a meeting of all involved agencies to try to find a solution for this problem.

A memorial resolution for Mr. Edmonds was signed by all members present and will be sent to his family.

The annual meeting of the Catholic Charities board of directors will be held in April.

ST. MARGARET MARY VALENTINE OBSERVANCE

Ladies of St. Margaret Mary Catholic Church met last week in the church hall with the newly installed officers, Mrs. Marilyn Aerne, president, Mrs. Helen Valencia, vice-president, and Mrs. Dorothy Valerious, secretary-treasurer.

Rev. Edward Groesch, the new pastor, led opening prayer. Committee reports were given and it was announced that Mrs. Theresa Harding will serve as chairman of a pancake and sausage breakfast to take place Sunday, Jan. 31, in the church hall from 8 a.m. to 1 p.m.

Plans were made for a "sweetheart dance" Feb. 14, when Paul Sabol's band will furnish the music. Mrs. Edwina Thompson is chairman of the dance, which will be held in the hall.

Miss Zella Nagel will serve as chairman of a "flea market" planned for late April. Additional plans will be announced later on the location of the event and other arrangements.

The Catholic Youth Organization of the church sponsored a bake sale Sunday.

Fifty-two ladies were present for the meeting and were served refreshments by Mrs. Sandra Schmele and her committee.

MRS. WARREN TAYLOR, the former Madeline Epperson, who was married Saturday afternoon at St. Joseph Catholic Church.

Madeline Epperson is Bride of Warren Taylor

Miss Madeline Epperson became the bride of Warren Taylor Saturday afternoon at St. Joseph Catholic Church.

The bride and groom were Mr. and Mrs. Walter Epperson of Collinsville, and Mr. and Mrs. Roland Horton, 4210 Kirkpatrick Homes. The Rev. Martin Mangin performed the ceremony at 2 o'clock before the altar decorated with white gladioli and orchid pompons.

A gown of ivory crepe was worn by the bride. The Empire waistline was encircled with braided crepe and pearls, and pearls edged the jewel neck.

The sleeves were long and puffed and the skirt was slightly gathered.

A profile of ivory organza flowers and satin ribbons secured the bride's cathedral veil of candlelight illusion and she held a prayer book topped with a shower arrangement of orchids, ivy and baby breath.

Miss Donna Epperson was her sister's maid of honor, and her bridesmaids, Misses Linda Conway, Debbie Conway and Frances Preloger, were bridesmaids. They were dressed alike in floor-length gowns of violet crepe featuring Empire waists encircled with bands of matching fabric, gathered skirts.

The bride's mother wore a pale orchid knit costume and a lace bodice. Mrs. Horton wore a deep purple crepe dress. Both wore matching accessories and corsages of lavender orchids.

A reception was held in the evening at the American Legion Hall.

The newlyweds will reside at 4013 Melrose Ave.

A Collinsville High School graduate, the former Miss Epperson is presently employed as a beautician at a local salon.

Mr. Taylor is an apprentice pharmacist.

before the next meeting Feb. 2. The group also made a contribution to the March of Dimes.

The program for the evening was given by Mrs. Ash who spoke on the topic "Let's Talk Over The Radio and Television". Mrs. Shirley Worster who discussed "You and Your Audience."

Others attending the meeting were Miss Marilyn Lumpkin, Mrs. Phyllis Kabukula, and Mrs. Donna Kagy. The latter received a baby cup for her infant daughter, a gift from the chapter.

Moser-Lasiter Nuptials Held

Arrangements of greenery and white wedding bells decorated the home of Mr. and Mrs. Ben Willmott, 131 Briarcliff Drive, for the wedding Friday evening of their daughter, Mrs. Ellen Marie Lasiter and William J. Moser of Granite City.

The seven o'clock ceremony was performed by the Reverend Dr. David B. Maxton, pastor of the First United Presbyterian Church, before a small group of relatives and friends.

The couple had as their attendants, Miss Pat Bersen of St. Louis and Frank Richter of Granite City.

The bride selected a street-length frock of aqua shantung and re-embroidered lace, designed on princess lines with a mandarin neckline and long sleeves. On her hair, she wore a matching bow headpiece.

The maid of honor chose a short, knit dress in vivid pink, detailed with self-covered buttons from neckline to hem.

Immediately following the ceremony, the newly-married pair was honored by more than 75 guests at a reception given in the home of the bride's groom, brother and sister-in-law, Mr. and Mrs. David Moser, 2004 Lindell Blvd.

The former Mrs. Lasiter is employed as a supervisor at a St. Louis stock brokerage firm.

Her husband, a son of Mrs. Catherine Moser, 2405 Winters Drive, is a drafting engineer employed by Illinois Power Co.

After a brief honeymoon trip at Tan Tara Lodge, Lake of the Ozarks, Mo., Mr. and Mrs. Moser will be at home at 5 Eastgate Drive.

Others present were Mrs. Ruth Partney, Mrs. Angie Buehler, Mrs. Julia Portell, Mrs. Evelyn McColgan and a guest, Mrs. Carol Nesbit.

Club members will next meet with Mrs. Ebling, 2910 Denver St.

Public Is Invited to Open House at Tri-City Area YMCA During National Week Jan. 24-30

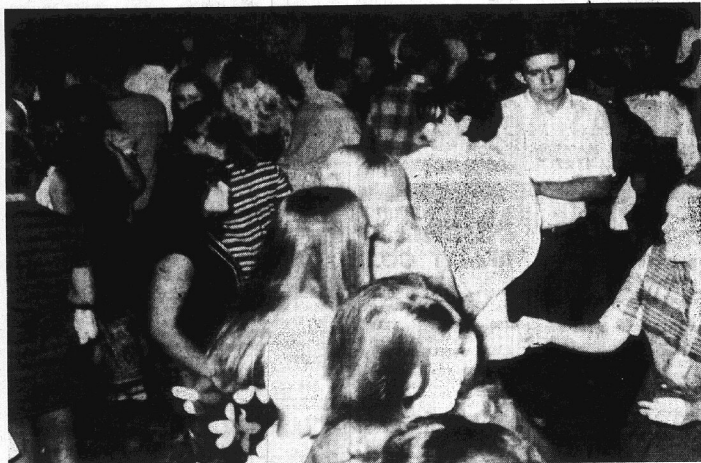

The Tri-City Area YMCA in Granite City will celebrate National YMCA week Jan. 24-30 by inviting the general public to stop in and observe the various activities at the "Y." Regular weekly programs which will be in progress include: Women's Exercise classes Tuesday and Thursday, 10-11 a.m.; Men's volleyball Monday, Wednesday and Friday 12-30.2 p.m.; Men's Basketball Tuesday and Thursday noon-2 p.m.; Youth gymnastics class Tuesday and Thursday, 4-5:15 p.m.; Advanced gymnastics class, Wednesday, 6:30-8:30 p.m.; Men's "open" basketball Monday-Thursday 8-10 p.m.; Boys' gym program Saturday 10-11 a.m.; adult judo class Monday 7-9 p.m.; youth judo classes Saturday 9 a.m.-noon.

Activities in the swimming pool are scheduled periodically throughout the day, beginning with the swim team each week-day morning from 6 to 7 a.m., and usually ending nightly at 10 o'clock with an adult recreation swim period.

Current pool instruction classes include mother-for-women's, men's, youth, Boy Scout groups, an educable handicapped group, lifesaving classes and scuba diving classes.

Teenage activities during the week include Tri-Hi-Y clubs Monday 7-9 p.m.; and the dance on Saturday, 8:30-11:30 p.m.

The YMCA Senior Citizens group meets on Friday from 10 a.m. to 3 p.m.

History of Local 'Y' Dates Back to 1916, Building Completed in 1926

The YMCA had its beginning here in 1916 when a group of industrial leaders met to discuss the naturalization and education problems of their immigrant workers.

An advisory committee was formed, in cooperation with schools and civic organizations. It provided a program of study and personal improvement for the local workers.

On March 2, 1918, articles of incorporation were signed and the YMCA took on additional community responsibilities.

By 1924, it was decided to erect a YMCA building which would include facilities for education, recreation and social functions.

In 1927, a \$135,000 improvement program was completed, making the physical department in the building a more modern and useful facility.

14 Long-Service Employees at YMCA Include Earl Iberg, 28 Years, Two With 16 Years

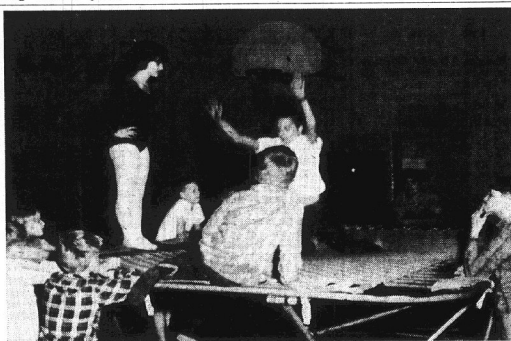

The YMCA employs many full-time and part-time people to keep its program and building in full operation and is proud of the record of employ-

ment, with 14 current employees who have served five or more years continuously.

Heading the list are Earl Iberg with 28 years, Louise Serfas and Vera Kirkpatrick with 16 years, David Cunningham and Jackie Woods 13 years, Myrtle Bell 12 years, Marcella Herman, Ruben Men-

doza and Dora Darnell 10 years, Betty Fuchs seven years, Billy Jones, Leonard Blaylock and Lynn Rider six years and Mike Rapoff, five years.

YMCA SCENES at the right, top to bottom, show: teenagers gathered at the "Y" for their weekly dance; Sherry Graham supervising youngsters during a gymnastics class; a committee of YMCA members meeting to devise plans for a membership drive; and members of the Monday night adult dance class.

'Y' Here Part Of Area Cluster

During the past two years, the YMCAs in the greater St. Louis area have been organized into a new regional "cluster."

The reorganization was brought about by national studies which revealed inadequacies in regional services in the St. Louis area.

For instance, the YMCA's on the Missouri side were served from a Wichita regional office while those on the Illinois side were served from Chicago.

The new arrangement places a regional specialist in St. Louis. His services are more readily available; he is in a position to quickly respond to the needs of the YMCAs involved.

In addition to the St. Louis YMCA and the local Tri-City Area YMCA, the following Associations are included: Alton, Edwardsville, Belleville, East St. Louis, Carbondale, Mount Vernon, Quincy and Jacksonville, Ill., and Hannibal and Columbia, Mo.

Health Club Growing

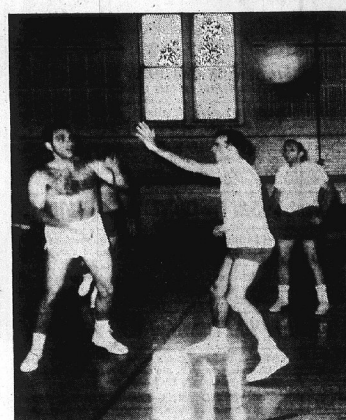

The YMCA Men's Health Club has experienced a large growth in the last five years and now has over 100 men on its roster.

In addition to having access to the swimming pool, gymnasium and weight room, the health club members enjoy a steam room, whirlpool bath, sun lamp, exercycles, vibrator belt and private lockers.

Additional lockers were installed during the past year and plans are under way to add a workout room for health club members.

SENIOR CITIZENS at one of their weekly meetings at the Tri-City Area YMCA, with some of the ladies busy quilting, are pictured at the top. The next scenes show "Y" Indian Guides—fathers and sons—at the "Y" camp at Little Grassy Lake near Carbondale; and the Tuesday-Thursday noon basketball group.

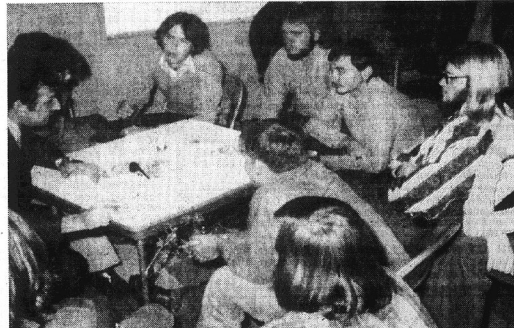

'Y' Serves Wide Area

In addition to YMCA Basketball Leagues operated in Madison and Venice in cooperation with the respective school systems of these cities, YMCA members taking part in the activities at the "Y" building come from far and wide.

Highland, Collinsville, Edwardsville, Alton, St. Louis and East St. Louis are among the many communities served on an individual membership basis.

LOCAL TEENAGERS discussing legal matters with Amerik Kachigian (left in picture at right), assistant state's attorney. Other photographs show a women's exercise class—the exercise groups meet on Tuesday and Thursday mornings and evenings—and a group of chess players in deep concentration.

'Y' Residence Is Important to This Community

The 70-bed YMCA residence last year served employees of a number of the local industries and businesses as well as providing a "home away from home" for students, servicemen and job seekers.

In addition, several men have made the "Y" a permanent home and have continued to live at the "Y" after retiring.

The "Y" also has a contract with the Gulf, Mobile & Ohio Railroad Company, which leases rooms for crew members.

All men who reside at the "Y" have membership privileges and many participate in various programs and activities.

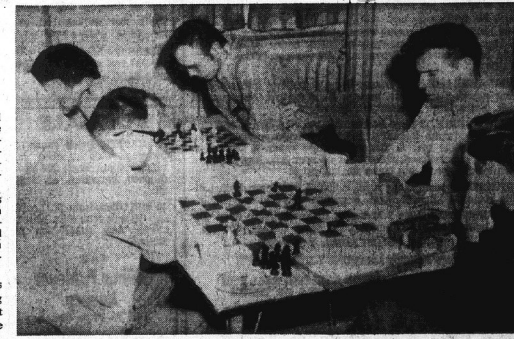

Endowment Fund Created

Following the lead of several YMCAs around the country, the local YMCA is building an endowment fund which could, after adequate growth, help provide additional program development.

The fund, which now totals approximately \$3,000, has been built slowly over the past several years from gifts received from individuals interested in the "Y's" future and as memorials.

President Irvin Slate Jr. has expressed interest in expanding the activity of an endowment committee and increasing the value of the fund.

Schuler Pharmacy to Present Drug Articles

Paul Schuler, pharmacist of Midtown Pharmacy, 2057 Johnson Road, is publishing a series of 13 different articles about Drug Abuse, the first of which appears today, an article will be published every week thereafter.

"Drug Abuse," Schuler said, "is becoming so serious a problem, that I feel it is my duty as a pharmacist, the drug and medicine dispenser of the health team, to explain to the public and particularly to the youth of our city, how dangerous it is to experiment with them in search of unusual experiences and psychotropic thrills that can cause lasting harm."

"While the information in these messages is authentic," the druggist added, "they are written particularly to give the younger generation information that should influence them to realize how dangerous can be the after-effects of smoking 'pot,' taking 'trips' with LSD, experimenting with 'goof balls' and other illicit barbiturates. And finally they discuss the truly addictive narcotics, especially heroin."

"It is reported that from grammar school up, even children are experimenting with these dangerous drugs, influenced by their older friends, who in turn are urged by the drug 'pushers' to advance to the more addictive narcotics," Schuler urged the readers to save each of these 13 Drug Abuse messages and make certain that every member of the family reads them.

'Music Man' Auditions Set Wednesday at Elks

The East Bank Players theatrical group will launch its second year with the exciting musical production, "Music Man," to be presented in four public performances in late April, it was announced Thursday evening at the Players first birthday party and annual membership meeting.

Auditions for the volatile musical are scheduled for Wednesday evening at the Elks Club ballroom on Niedringhaus Avenue.

Children wishing to tryout for parts will report from 7:30 to 8:30 p.m., with adult auditions to be conducted from 8:30 to 10:30 p.m. If possible, area residents auditioning for roles should select music from the show, a Players official said.

CONGRATULATIONS

.....from one bank to another

The First National Bank in Madison commends the First Granite City National Bank on its efforts to help the 450 Americans being held prisoners by Communist Forces in Southeast Asia.

You can show your concern for these prisoners by helping them now. There is evidence that Hanoi and its allies will respond to public opinion. Appeals for humane treatment of these prisoners and adherence to the provisions of the Geneva Convention should be made to the President of North Vietnam.

Postal cards for this purpose are available in the lobby of the First Granite City National Bank — the lobby of The First National Bank in Madison and at the McKinley Bridge Ticket Office in Venice.

Again, a big congratulations to First Granite City National upon their initiating this patriotic endeavor.
